

## **ER10M132JP Datasheet**

DiGi Electronics Part Number

Manufacturer Product Number

Description

Manufacturer

**Detailed Description** 

ER10M132JP-DG

**Gowanda Electronics** 

ER10M132JP

M39010 LEV-R AXIAL INDUCTOR

13 µH Unshielded Molded Inductor 150 mA 2.80hm Max Axial

RFQ Email: Info@DiGi-Electronics.com

DiGi is a global authorized distributor of electronic components.

## Purchase and inquiry

| Manufacturer Product Number: | Manufacturer:                           |
|------------------------------|---|
| ER10M132JP                   | Gowanda Electronics                     |
| Series:                      | Product Status:                         |
| ER10M                        | Active                                  |
| Туре:                        | Material - Core:                        |
| Molded                       | Iron Powder                             |
| Inductance:                  | Tolerance:                              |
| 13 µН                        | ±5%                                     |
| Current Rating (Amps):       | Current - Saturation (Isat):            |
| 150 mA                       |   |
| Shielding:                   | DC Resistance (DCR):                    |
| Unshielded                   | 2.80hm Max                              |
| Q @ Freq:                    | Frequency - Self Resonant:              |
| 40 @ 2.5MHz                  | 35MHz                                   |
| Ratings:                     | Operating Temperature:                  |
|                              | -55°C ~ 105°C                           |
| Inductance Frequency - Test: | Features:                               |
| 2.5 MHz                      |   |
| Mounting Type:               | Package / Case:                         |
| Through Hole                 | Axial                                   |
| Supplier Device Package:     | Size / Dimension:                       |
| Axial                        | 0.095" Dia x 0.250" L (2.42mm x 6.35mm) |
| Height - Seated (Max):       |   |
|                              |   |

## **Environmental & Export classification**

| RoHS Status:     | Moisture Sensitivity Level (MSL): |
|------------------|-----------------------------------|
| Not applicable   | 1 (Unlimited)                     |
| REACH Status:    | ECCN:                             |
| REACH Unaffected | EAR99                             |
| HTSUS:           |                                   |
| 8504.50.8000     |                                   |

## **OUR CERTIFICATE**

DiGi provide top-quality products and perfect service for customer worldwide through standardization, technological innovation and continuous improvement. DiGi through third-party certification, we striciy control the quality of products and services. Welcome your RFQ to Email: Info@DiGi-Electronics.com
